

4.1 Baseline check — generated images

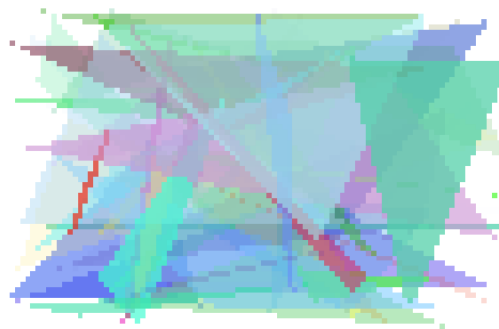

How recognizable is the target after the same generation budget?

Target: flag_100.png | Budget: 300 generations | 50 triangles | Population: 30 | Selection: Elite | Crossover: One-point

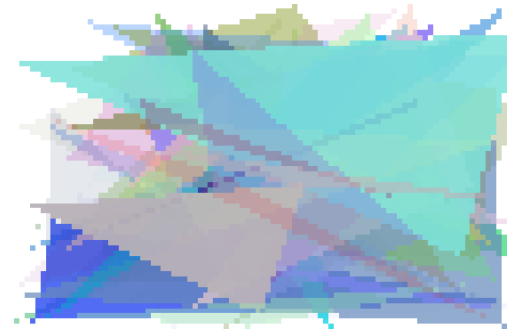

Target (current file)

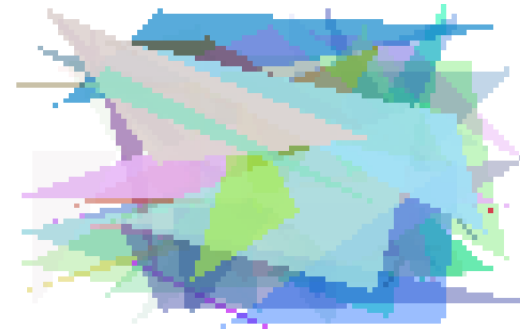

Seed 1
Final MSE 0.05973

Seed 2
Final MSE 0.05813

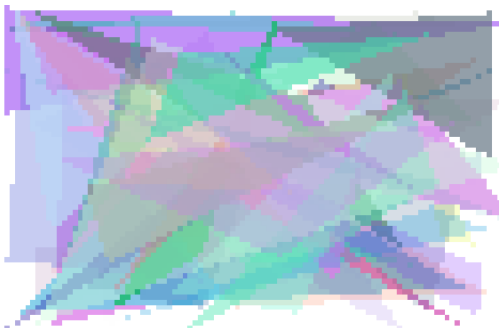

Seed 3
Final MSE 0.05678

Seed 4
Final MSE 0.05681

Seed 5
Final MSE 0.05371

All available baseline seeds are shown. They use the same settings; differences arise from the random run. Compare the visible shapes and colours as well as MSE.
