

4.4 Number of triangles — visual quality

What visual detail is gained by using more triangles?

Target: flag_100.png | Budget: 300 generations | Population: 30 | Selection: Elite | Crossover: One-point

Target (current file)

20 triangles · seed 1
MSE 0.04929

50 triangles · seed 4
MSE 0.05681

100 triangles · seed 1
MSE 0.06143

Each configuration shows the run closest to its median final MSE. Compare shapes, colours and detail with the target; MSE alone does not measure recognizability.
