

4.1 Baseline check — generated images

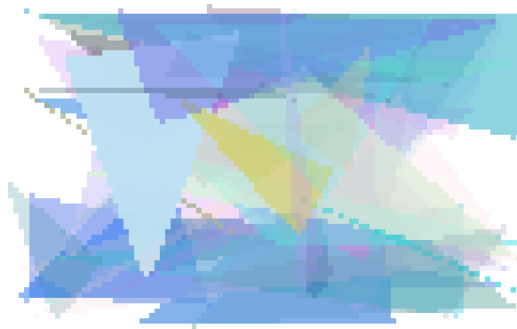

How recognizable is the target after the same generation budget?

Target: flag_100.png | Budget: 1000 generations | 50 triangles | Population: 50 | Selection: Elite | Crossover: One-point

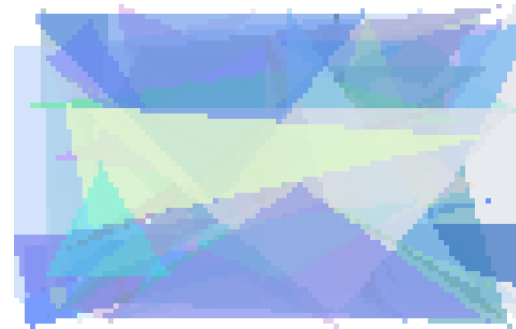

Target (current file)

Seed 1
Final MSE 0.03193

Seed 2
Final MSE 0.02765

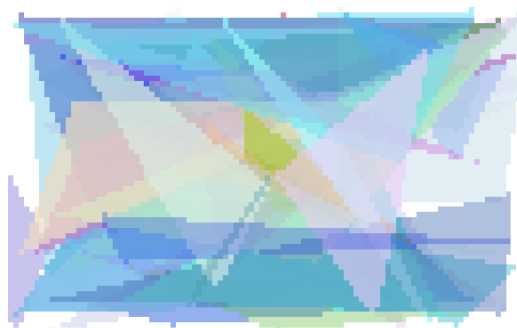

Seed 3
Final MSE 0.02836

Seed 4
Final MSE 0.03015

Seed 5
Final MSE 0.03061

All available baseline seeds are shown. They use the same settings; differences arise from the random run. Compare the visible shapes and colours as well as MSE.
